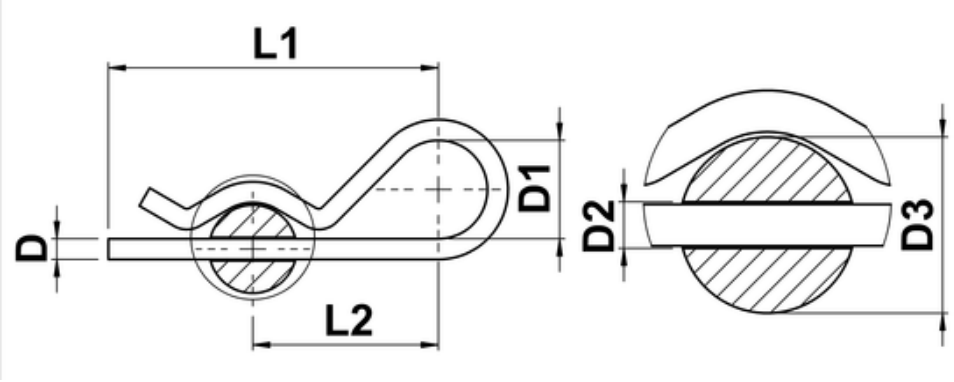
R-Clips (Euro Pattern)

R Clips, also known as R Keys, R Pins or Hitch Pins. Often used to secure ends of round shafts such clevis pins or axles. Re-usable and made from A2 grade stainless steel, they can be viewed as a better option than split pins as they are easier to remove whilst essentially doing the same job.



D	approx. overall length	D1	D2 (to suit hole)	D3 (to suit shaft)	L1	L2
2	48	10 (aprx.)	2.5	8 - 12	40 (aprx.)	25 (aprx.)
2.5	54	11 (aprx.)	3.0	10 - 16	46 (aprx.)	24 (aprx.)
3	70	16 (aprx.)	3.5	16 - 18	60 (aprx.)	34 (aprx.)
4	78	19 (aprx.)	4.5	18 - 20	64 (aprx.)	36 (aprx.)
5	100	26 (aprx.)	6.0	20 - 28	82 (aprx.)	45 (aprx.)
6	125	30 (aprx.)	7.0	28 - 40	110 (aprx.)	60 (aprx.)
