Westfield Fasteners Assortment

Oetiker Stepless® Ear Clamp Kit - 81 Piece

Product Description

An 81-piece assortment containing a selection of Oetiker Stepless® Ear Clamps in stainless steel, supplied with Oetiker pincers for correct installation. The assortment provides a convenient range of popular clamp sizes for securing hoses, pipes and other flexible connections.

The stepless design provides a smooth inner circumference around the hose, helping to provide uniform compression without the step or gap found in some conventional clamp designs.
