Westfield Fasteners Product Specification:

JRP Plier Rivet Nut Tool SM360G

Product Description

The JRP SM360G is a hand operated rivet nut fitment tool and is designed for use with nuts of thread diameters from M3 to M6.

Featuring a plier action, the JRP SM360G is a light weight and compact fitment tool, featuring small handles for use in tight space applications. The strong and slim body of the tool allows for easier access to the fixing point. Table 1 below displays the rivet nut diameters and materials compatible for use with this tool.

This tool is supplied with M3, M4, M5 and M6 mandrels and heads. Replacement parts are available on our website.

Product dimensions:

- Overall length: 242mm.
- Overall width: 134mm.
- Weight: 0.72kg.
